

REMARKS

Reconsideration and allowance are respectfully requested.

Applicant appreciates the indicated allowability of claim 13 over the art of record. Claims 7, 11, 12, 14, 15, and 16 have also not been rejected over any art, and the amendments proposed above to those claims address the 35 U.S.C. 112 issues on pages 2-3 of the office action as well as place claims 7, 11, and 13 in independent form, making all those claims allowable too. Also all the other claims now depend from allowable claim 13 and should therefore be allowed. No new matter has been added. Entry and allowance are requested.

Since this Response places all the claims in condition for allowance, and since Applicant has presented a novel, unique and non-obvious invention, reconsideration and allowance are respectfully requested.

Respectfully,
